MORE MEMBERS OF  
LEGION ARE SOUGHT

Richard Ellis Post, With 108 Enrolled, Sets 400 as Goal of Drive.

Campaigning for members along large lines will be started within a week for the Richard Ellis Post, American legion, according to plans laid at a meeting held in the city hall last night.

The local post has a paid up membership of but 108. This in a town of several thousand young men, many of whom saw military and naval service is felt to be entirely too small. The goal is at least 400.

Following the close of the movement, a big ex-service men's dance will be staged.

The members last night went on record in favor of having the trained Red Cross worker stationed in this city at all times. This is advocated by the central division of the Red Cross but is said to require the approval of the city before any such step is taken.

All ex-service men are requested by the legion to aid Miss Mabel Shumway, in charge of the Red Cross here, in filling out the questionnaire which is being sent to the central division. The men are asked to keep up their war risk.

Our Windows soon will be filled with \$125,000 stock of Oriental Rugs. The largest and most beautiful assortment ever shown in Janesville. Watch Gazette for further announcement.

## UNION LABOR HERE MAKES STATEMENT

Financial Secretary Gives Side of Unions in Strike for Increased Wage.

The first formal statement in the Janesville building trades strike came today from the Federated Council of craftsmen who have crossed arms with Janesville contractors affiliated in the Builders' Exchange.

G. C. Clark, Financial Secretary of the Painters' Union, No. 1114, is its author. He gave the present action of labor as follows:

"The urgent problems that confront the city of Janesville make necessary this consultation on labor's grievances and demands.

"We all know there is no prospect of any considerable fall in prices for several years to come. It is impossible for the governments of the world to pay off their debts very rapidly. On the contrary, there is every reason to believe that credit must be issued to foreign countries including foreign manufacturers and business men. This being the case, we must expect that large quantities of checks and credit instruments will be thrown into circulation thus hoisting prices. We also know that the return of the railroad to private ownership means 20 percent, or more, higher freight rates; and, along with the rest, an increase of \$2.50, or more, per ton of coal. "We are told we are not producing enough; that we must speed up; that the shorter work day, strikes and labor unrest, are to blame for the H. C. of L. My answer to these charges is this:

### Back-Ache

Limber Up With Penetrating Hamlin's Wizard Oil.

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day ailments or mishaps, when there is need of immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings. Get it from druggists for 30 cents. It not only returns the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

the largest they have ever been in history. We are feeding and clothing—but what is nearer the truth, we are trying to do so—about 80 percent of the people of the nations who were at war and some who are still at it. These are the conditions that have given the opportunity for profiteering in this country, so that with the large exports and the profiteering, it is surely plain that labor is not to blame for the H. C. of L.

"I further maintain that no factor contributes more to industrial unrest than the excessive cost of necessities of life. It is a demonstrated truth that the cost of living has advanced more rapidly than have wages. The claim that increasing wages make necessary increased prices is false. It is intended to throw upon the workers the blame for a process by which all the people have been made to suffer. We are compelled to struggle to keep wages in some measure up to the cost of living. Therefore, our demand for higher compensation to meet new prices has made industrial unrest in Janesville.

"We are told that our demands are too great; that we are asking far too much. But I maintain that our demands are just and on a par with the high cost of living. We do not aspire to be rich. That is out of the question. But we do aspire to live on more than numbers on the books of our employers or as cogs in the industrial money-making machine. "The Builders' Exchange association, with whom we are trying to adjust our differences, believes, and this is also a widespread belief, that wages should be fixed on a cost of living basis. This idea is perilous, to say the least. It means fixing a standard of living and a standard of

life and liberty which must remain fixed. How can we accept such a hand-to-mouth proposition? Such a proposition does not allow for saving of a few dollars against a 'rainy day' and old age, much less of a worker owning a home of his own. Perish the thought! We must not think of it.

"We are told if we do not accept their offer, that they will hire only non-union workers who will be glad to accept their offer. Before going further with their part, I wish to say that in the majority of towns and cities around Janesville, wages are just as high and more than we are asking here. Why is it then that these men will come here to work? To be a union man and get the scale of wages paid, the man must first qualify as to workmanship and how long he has worked at the trade. This, before he can belong to a union other than as an apprentice, and draw apprentice's wages. I believe, my dear reader, you can see the point just as well as I can.

"We also realize that we are blamed for all of this trouble but such is not the case. We are ready and willing to go back to work at any time for a fair wage. Some contractors are willing and assert that we should have what we ask for, but their hands are tied. They dare

not do as they would like to do on account of the agreement that has been formed. This is the main reason why we have been unable to secure an early settlement of our difficulties.

"So, again, dear reader, I ask you not to lay the blame on the shoulders of the workers of Janesville.

CEMENT SUPPLY  
RUNS LOW IN CITY;  
NO MORE IN SIGHT

"Buy so many feet of lumber and we'll sell you a bag of cement."

No, it isn't a brother to the "buy a pound of sugar" idea. It's a reality that is staring the contractors of Janesville in the face with a hard glare.

Due to the railroad situation, a critical shortage of cement is reported here by building operators. Unless conditions are relieved quickly, and despite the strike here in the building trades, users of cement will have to stop all operations, it is said.

Because of the freight strike, cement plants throughout the country have been unable to ship their product. While they have been keeping their factories running, it is explained, they were storing the material in warehouses. These are said to be

full and with no hopes of shipping, the plants will have to shut down. At one of the large concerns in Janesville, only 150 bags were on hand yesterday. These could be bought only by buying certain amounts of lumber, it was stated.

Women's and Misses' Spring and Summer Suits and Coats

A SUIT AND COAT MESSAGE FOR EVERY WOMAN. It's an occasion extraordinary—one that will arouse the greatest enthusiasm. Quite unexpected, but the Suits and Coats are here, 150 of them, representing a special purchase from one of our big makers of women's wraps, whose carrying stocks range around a half million, agreed to let out about \$25,000 worth of Coats and Suits for quick turn over of money. We are pleased to announce our buyers took advantage of this and purchased 100 Coats and 50 Suits, all this season's models and of all wool material. They will be divided into three lots as follows:

40 COATS \$18.50  
at - -

60 COATS \$23.50  
at - -

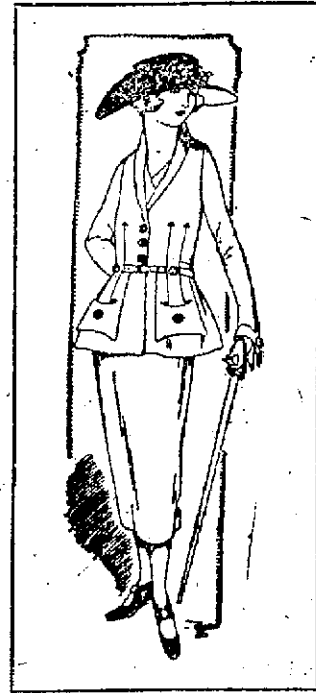

50 SUITS \$39.50  
at - -

THE COATS are in mixture Scotch Tweeds, Serges, Poplin, Jersey, Bedford Cords, Polo Cloth, Gaberdines, Silvertones, etc. THE SUIT materials are Serge and Poplin. Women and Misses who have set their heart on a new Suit or Coat and do not wish to spend much money are offered this great opportunity.

REMEMBER this sale starts tomorrow at 9 a. m., sharp. Remember opportunity knocks but once, why delay?

## STRIKE GROWS WORSE IN EASTERN SECTION

(Continued from page 1.)

Confiscated under a federal court order to maintain operation of street cars and heating and light plants. The order instructed that 40 cars be confiscated daily. There was no weakening of the strikers' forces in Toledo and several large industrial plants announced they would be forced to close unless fuel was forthcoming.

Warranting to travelers against attempting long trips east, west or south because of possibility of the strike spreading to passenger service were issued by the railroads.

Passenger Traffic Balked. Serious interference with passenger traffic extending to overland trains was reported on the Santa Fe in southern California and the situation became increasingly serious.

Reports from northern Pacific cities showed continued improvement. Strikers at Ellensburg, Wash., near Spokane, met today to vote on ending the walkout and the insurgents at Everett, Wash., returned to work last night. A meeting of all strike leaders on the Pacific was called for today in San Francisco.

Slight relief from freight congestion was reported at Kansas City, and at St. Louis the situation was pronounced unchanged.

**SITUATION CONTINUES TO GROW BETTER IN CHICAGO** Chicago, April 14.—The railroad strike in Chicago and the west entered the fourteenth day today with additional improvement reported from practically every rail center affected.

For five days all reports have indicated a gradual resumption of business throughout the general states.

The Western Association of Railroad Managers today reported passenger and suburban business in their territory being maintained at normal, and declared more switch engines were working here today than at any time since the strike started.

Livestock receipts at the Chicago yards today also showed an increase while trains of fresh meat and live cattle were made up at the yards and dispatched to eastern cities, marking the first movement of meat eastward in several days.

**Four Ages in Business**  
The Second

The second age in the business life of any man is when he makes his first investment or starts out for himself. He has saved up a nice sum by laying away a part of his earnings and he is ready for the opportunity when it comes.

Your bank can give you valuable assistance at this time. Don't fail to ask for such help.

This is the age when a man should start a checking account if he has not done so before. Good business methods are always helpful.

Tomorrow we will tell you of the third age in the business man's life.

### TAKING THE RISE, OUT OF YEAST

The best proof of the failure of a remedy to accomplish what it purports to accomplish is the use of the remedy for countless different ailments. When a medicine is said to be good for almost everything that happens along, you may generally conclude that it is really good for nothing.

Yeast has been administered internally as a medicine for at least 60 years. In recent years it has been exploited anew and particularly in the treatment of certain cases of leucemia (plumage) or resulting from blackheads, and crops of boils due to similar infection.

Yeast is rich in cellular nuclei, which substance probably stimulates the sensory centers of the brain, at least the particular "indication" for the administration of yeast internally has always been a need for help in mobilizing white blood cells to resist or overcome pus-forming infections.

Now, Miss Priscilla, Primp—but no one else—sees in this suggestion that "yeast purifies the blood." It purifies the blood no more nor less than bread and butter does. Yeast is a highly concentrated food, usually very easily digested. It is also a ferment it appears to relieve some cases of digestive difficulty rather than cause such disturbance as acids, camp would naturally imagine.

Yeast is rich in vitamin. That perhaps accounts for the fact that it has stimulated growth in animals, and also for the fact that it encourages increase in weight in many underweight individuals.

When the arsenic compound, the so-called "806" (salvarsan, arsenic amine), was introduced as a wonderful cure, in one dose, for syphilis, it was but a short time when the unreasonable claims of that claim were demonstrated. Today this and similar arsenic compounds are scarcely deemed cures. They are looked upon by most physicians as valuable aids to the older and still essential methods. But a certain type of doctor at once began to administer "806" for all sorts of unrelated conditions and reports of the alleged benefits for the less reliable medical journals. When that happened, the great cure was on the sick.

Date Salad—One-fourth pound

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

### DISCOVERIES

Uses for Mayonnaise—In making sandwiches for lunch, if mayonnaise is used instead of butter it will be found more economical and will also keep the bread fresh and moist. Don't throw away that half cup of sour cream. Just whip it up well, with the addition of one teaspoon of thick mayonnaise, to serve with tomato sliced cucumbers or shredded cabbage.

Substitute for Celery—Use the crisp parts of the cabbage. Sprinkle with celery salt and a few celery seeds. Put in ice water, soak the cabbage in this water for an hour. When used in a salad it can scarcely be told from celery.

Improving Yellow Icing—The "eggy" taste of icing made with egg yolk is entirely eliminated if the juice of a lemon is added and thoroughly beaten with sufficient pulverized sugar to make stiff enough to spread. Pulverized sugar mixed

with milk, cream, cold coffee or water, should have a small quantity of butter added to make a smooth icing that does not dry out.

Use for Leftover Cocoa—Use leftover cocoa in making gingerbread in place of a cupful of milk. Sometimes add a little milk and use it in a tapioca or cornstarch pudding.

When Making Pancakes, beat the white of the egg separately and make very stiff and add last. Makes the pancakes much lighter.

### EXCAVATION FOR BRICK PAVING IS BEGUN ON FIRST ST.

Preliminary work of the brick paving job on North First street, from Bluff to Main, was commenced today by George Welch, Beloit contractor, recently awarded the city's 1920 brick street improvement program of 16 blocks. A steam shovel, a range of 16 men, and several dump wagons were at work there this morning. Excavation, requiring the removal of about 300 cubic yards, is the first step.

Welch's materials arrived by freight from Beloit yesterday afternoon and were immediately unloaded. The equipment consists of a steam shovel, three rollers, and several trucks.

## Ice Cream Price Ascends Again

Bulk ice cream hit another upward trend in Janesville this week. He or she of the sweet tooth caste must leave an extra nickel now for every pint.

The Shurtliff company has boosted the cost per gallon to denkers. Malted milk continues to be served for 12 cents, the reigning cost in the majority of Janesville parlors.

The soda and the sundae have paralleled the rise of bulk cream in some of the places. Others, however, will continue the plain thirst quenchers at 11 cents.

Oh, for the good old days; when they served them three for a quarter.

## NEW DAIRY FIRM SEEKS PERMIT TO BUILD ON TERRACE

The Rock River Creamery company, a new dairy firm here, has made application for a permit to erect a one-story structure on Terrace street, just off from Pleasant street.

A permit to install a furnace was issued today to H. D. Claxton, 418 Williams street, by Francis J. Blake, city building inspector. A building permit has been issued to H. M. Hanson for creation of his garage on Park street construction of which began several weeks ago. No work

has been done on it since April 1, due to the labor strike.

## The Diary of an Engaged Girl

LINDSEY HAS AN INTERVIEW  
"WITH DAD."  
I sidled into dad's study and peeped myself on his knee, as familiar as you please, rumbled his dear hair and then lifted his chin very gravely, and asked him what he had to say for himself, to myself. Of course he laughed and pinched my cheek, and hugged me. That's one of the secrets behind the curtain that we have religiously guarded from mother. This familiarity went alone!

Then dad cleared his throat, portentously and frowned hard at me. I wrinkled my nose, and again we both laughed.

"First of all," said dad, "I have something that may interest you, my dear, and with that he produced a box of my favorite maroon ginseng. That always means that dad loves me harder than ever.

This ceremony over, he once more frowned and said, "Your mother reports that you are deliberately leading your cousin, Cecil, into a flirtation, under her nose. That he is evidently more than receptive, and in fact—him—well, you know how much I love you, both very much and young people."

Here dad scowled harder than ever at me, and winked very hard for some reason. "What have you to say for yourself, miss?" he asked me.

"Daddy, dear, do you think me capable of flirting? I have never been known to be guilty of such un-lady-like behavior?" I asked innocently, sidling up to him, ingratiatingly, before he could answer. With that he caught me in his arms and played with me just as he used to when I was a very little girl. That's what I love most about dad.

## Heart and Home Problems

Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: I am a young man twenty-one years of age and am engaged to be married. A few nights ago we were at a gathering. While there she talked to several young men and did not notice me at all. I was very hurt. I have never talked to her since. I am not so pleased. In the midst of it she slipped and called me names, blaming me because she was unfortunate.

We have been engaged for three and a half years. Do you think we would be happy together or that she would nag me?

Since you are only twenty-one, you will have plenty of time to discover the girl's true regard for you. It would be most unwise to marry before you are twenty-five, since your tastes will most likely change during the four years.

You cannot judge the girl fairly by the way she acted that one night. If it was her first exhibition of temper, it might be attributed to a nervous condition or some physical disturbance. Form your judgment from the three and one-half years you and she have been engaged.

Dear Mrs. Thompson: I am a girl eighteen years old and have been going with a boy twenty. He said he loved me dearly. I told him I loved him. He made me angry. I have been him several times with "other girls and if I said anything about it he told me that he was his cousin. I did not know whether they were or not, but took his word for it.

About four weeks ago he went to another town to visit and I did not hear from him. I did not tell me anything about it. We were engaged. Do you think he could have loved me and acted that way? Should I try to forget him or trust him?

THE YOUNG MAN WHO DID NOT HAVE treated you in the way he did, if he loved you. By all means forget him as quickly as you can.

Dear Mrs. Thompson: I am a girl in high school. I have been asked to go to parties several times, but of course have not always accepted. The reason I have not accepted is because I have found that nearly every boy has the silly kissing idea.

If you do not go with boys you are classed very low and not cared about by the girls. How can I keep the girls' friendship but not go with those silly boys?

## BEST YEAR EVER IS PREDICTION

Teams Reported to Be in Better Condition on First Day Than Ever Before.

Boston, (American)—Washington-Boston game postponed, wet grounds.

**GAMES TODAY.**  
American League.  
Chicago at Cincinnati.  
Cleveland at St. Louis.  
New York at Philadelphia.  
Washington at Boston.  
National League.  
Chicago at Cincinnati.  
Pittsburgh at St. Louis.  
Boston at New York.  
Philadelphia at Brooklyn.  
American Association.  
St. Paul at Milwaukee.  
Minneapolis at Kansas City.

Tanned and lured by six weeks of intensive training under southern sun, the baseball teams of the National and American leagues open the 1920 season this afternoon, weather permitting. While it is too much to expect mid-summer playing form, there appears to be every indication that the contests will be conducted under favorable conditions.

The players, however, are not likely to make their debut in the same congenial atmosphere that favored their preliminary work below the Mason and Dixon line for the general forecast calls for cold, fair weather with high winds. There may be exceptions for the opening schedule in the South, but the general forecast is not optimistic.

Special Demonstrations.  
In each city special ceremonies will mark the birth of another baseball season, and although there do not appear to be any novelties in sight the fan will welcome the parades, band concerts and other formalities with which the American clubs will inaugurate the season.

## BOSTWICK BOOSTS CITY PIN TOURNAMENT; ENTRIES END TONIGHT

Sid Bostwick, the well-known sport of Janesville, fell in behind the buckers of the city bowling tournament today and entered the Sid Bostwick's Colts in the race which begins tomorrow night. By this move it is now expected that the Golden Eagle and other residents in the city will come across and stop their hesitation about entering.

It had been expected that the committee would be able today to announce the list of prizes and special gifts which will be awarded at the close of the meet, but there are other things to be added at the list has been held over for a day.

## WEST SIDE BOWLERS DEFEAT SAMSONIANS

In a match game, practicing for the city bowling tournament which opens tomorrow night, West Side 1 defeated the Samsonians on the West Side Alleys by 192 pins. Lampert was high with 222.

## FAIR ASSOCIATION TO BACK MONROE NINE

(By Gazette Correspondent.)  
Monroe, April 14.—That Monroe will have a snappy baseball team this year was indicated from the enthusiasm at a meeting Monday afternoon in the rooms of the Budger club. Fifteen players signified their intention to work for a nine that will fittingly represent the city this summer.

Uniforms will be ordered immediately and after some preliminary practice games will be scheduled with nearby towns, the majority of which will be played in Monroe.

Six games will be played at fair week at the end of the season for which the fair association has volunteered to offer an attractive purse.

## Girls Dine Monroe Basketball Team

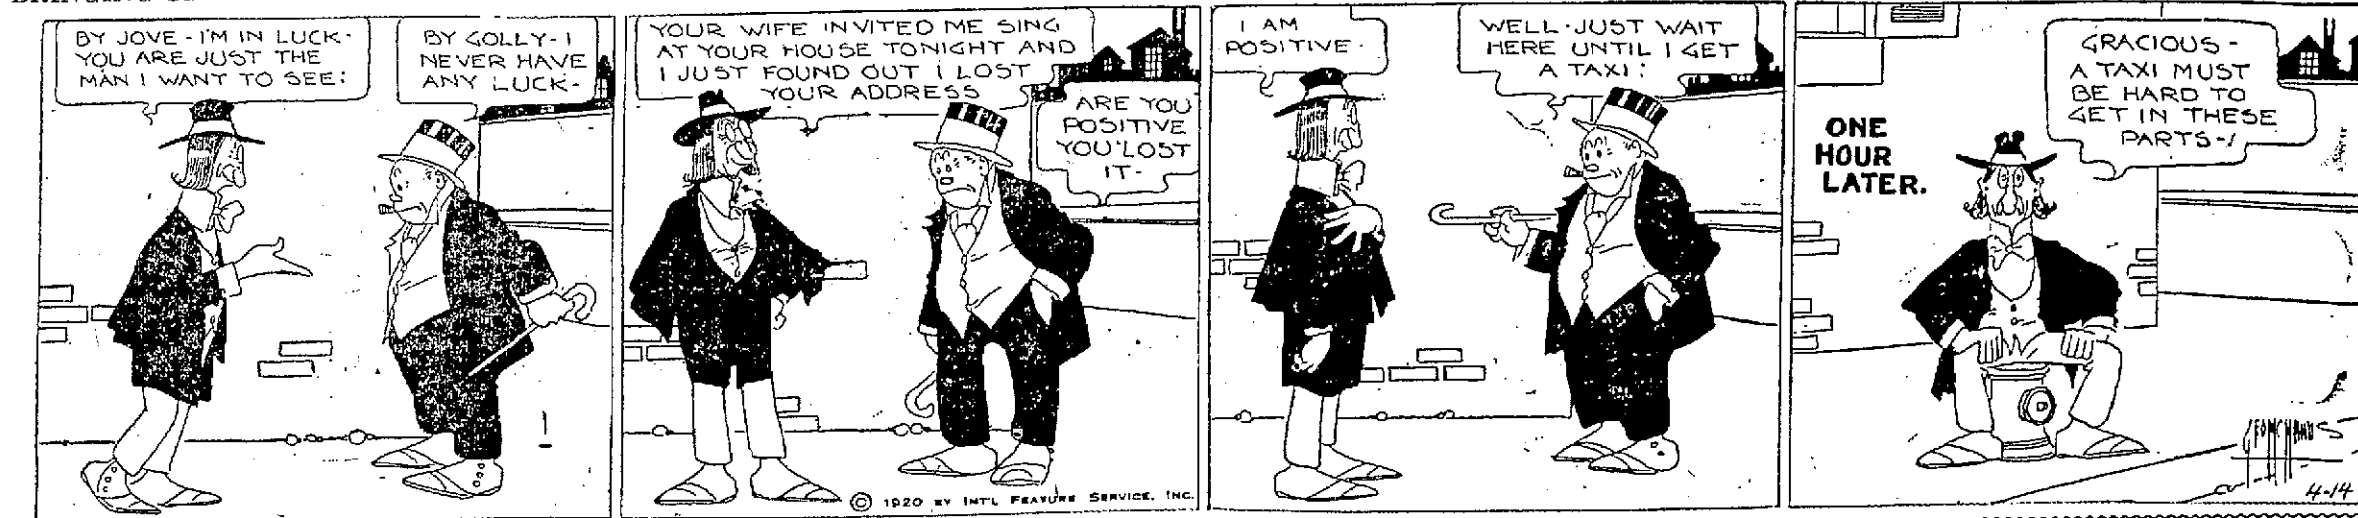

Monroe, April 14.—Members of the Monroe high school basketball team, with the manager and coach, were guests of the home economics class of the high school at a dinner last night. Miss Ellen Brainerd is teacher of the class.

## Davis Cup Meet Put Over to 1921

New York, April 14.—The United States Lawn Tennis Association announced the postponement until next year of the Davis cup international competition because of the inability of European nations to send representative women tennis teams to America.

## SEE BALL SCORES ON GAZETTE BOARD

Special Wire Service Will Be Provided for Fans in This City.

Play ball! Batter up! Whang! Every year, that's the same old way to start off the baseball season. But to the Janesville fans, it means more this season than ever before. Starting this afternoon, the Gazette will provide a daily special bulletin service for all baseball bugs in town.

Through arrangements with the Western Union, we shall receive the results of the games in both the National and American leagues after each three innings. This hope will be shot out immediately on the wire to the bulletin board.

Get the habit, you sports, of watching the Gazette score board. Be careful, don't block the traffic.

## 25 SIGN UP FOR TANKS BALL TEAM; GET EQUIPMENT

With 24 men signed up for baseball, the Tank Corps, national guard, gives out the information that it expects to have a big year. Among the players are five pitchers and three catchers, which Lieutenant-Manager Ralph Harmon, declares is sufficient to assure the company of success.

The material which has come out so far around the hot-stove is made up of some strong local boys who have shown up well in the past.

Practice Next Saturday.  
First practice—it is first because of the cold which has interfered with all previous plans—will be held at the fair grounds next Saturday. While there is no field ready for play out there the track will be used.

The team will have practically no expenses this year. Captain E. C. Baumann, commander of the former state guard unit in this city, has generously turned over all baseball equipment of the old outfit, including uniforms, bats and gloves, to the new organization.

Plans are being made now to schedule games with other local teams and neighboring towns.

## High School Stars Garner City Junior Basket Title

BY FRANK SINCLAIR  
"Ted" Hager's high school stars are the city junior basketball champions for 1919-20. The quintet at the "Y" last night by trouncing the "Y" All-Stars in a swift battle of shifting team-work.

The five fives, composed of the fastest younger players in town, worked the capacity crowd of high school students and followers into a frenzy with their crack style of work. They demonstrated a first half that was replete with thrills in which the "Y" aggregation held the lead by a one point margin until a second before the calling of half time when Hager jumped in a pretty throw to place his bunch on the safe side of that one point advantage.

Clever team-work.  
Clever team-play was exhibited by each quint. While at times, the passing may have been off-color, the fumbling was due to over-anxiety and playing the game too hard. With each crowd having a game to its credit, the contest of last night, with several new faces in the lineup, was well-balanced.

Cassidy, the fastest junior forward in the city, was not playing in his usual form and experienced misfortune in many of his shots because he failed to take time to aim. Yet, he put across some rapid pass-work that fed the sphere toward the points. Kober, "Y" Stars' forward, short and plump, displayed great interference plays, closing placing the ball.

As the second period opened, the high school team continued its mass work and Feirn made a basket. Black fouled, Cassidy shot. Then, Cassidy sped across the floor with a

dodging dribble, and on a sliding shot by Hager, the high school stars had doubled the score on the "Y", 16-8.

But speedy Charlie Black broke in to the limelight with a well-placed try and scored. Graesslin was called for holding, and the high took on another point.

Raulbacher, who played a hard and telling guard game, hurt his arm and was taken out and replaced by Black. On the change, Fullman, unguarded, rung up a long shot. Hager, however, got the ball, swung a backhand throw over his head while stumbling and scored with the crowd cheering madly. Graesslin made the last point on a foul for holding called on Hager. The final score was 19-13.

Summaries:  
H. S. Stars (19) "Y" All-Stars (13)

## Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3, 30x3 1/2, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water..... \$4.50

## HIGH SCHOOL WILL HAVE BALL TEAM

Inter-Class Play Will Be Started Next Week and School Team Picked Later.

Things are warming up at the high school with hopes that for the first time in several years, the Blues may be able to place a crack ball team in the field to meet all-comers.

Announcement was made yesterday by Manager Zimmerman that class baseball will be started within a week. From the teams that will play, the varsity nine will be chosen.

At a meeting held in the school, captains were chosen for the four classes. Clarence Hager will lead the seniors; Leo Sullivan, the juniors; Don Dawson, the sophomores; and Sidney Simonson, the freshmen.

Practice is now going on at the Fourth ward park. The spirit is keen and the material shows up great shape.

Challenges Received.  
Challenges have already been received by the team from the Monroe high school; the apprentices of Fairbanks-Norse at Deloit; Wayland academy; and several other institutions. The outlook is for a good season.

Any financing that may be necessary for the nine to put Janesville on the prep school diamond in the place where it rightfully belongs, will have to be taken up by the citizens of the city. It is expected that they will be glad to take the matter into their own hands as a civic movement making for the better physical condition of their boys and the development of the great national and American making game.
